Mrs. T. F. Segler  
235 - 12th Avenue N.  
St. Petersburg, Florida

My dear Mrs. Segler:

It is with a great deal of pleasure and pride that I advise you of the graduation of Class 50 F-B of which Captain Thomas F. Segler is a member.

This class started 25 August 1949 and has undergone thirty-seven weeks of intensive training in navigation, bombing, and the use of radar equipment. The completion of this course marks an important milestone in the military career of this officer. In addition, it makes available an individual qualified to do a job heretofore requiring the services of two or three specially skilled technicians. This is a factor of strategic value in economically establishing a post-war Air Force with the most effective striking power of any in the world.

You and your immediate family are cordially invited to attend the graduation exercises for this class at 1000 hours, 1 June 1950, in the Base Theatre, Mather Air Force Base, California.

Very sincerely,

*Carl B. McDaniel*
